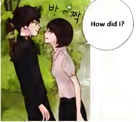
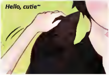
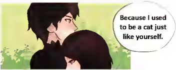
H... How did you ?!

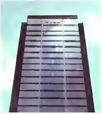


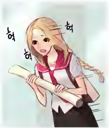


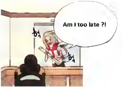
Hello, cutie~



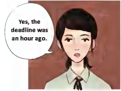
Because I used to be a cat just like yourself.



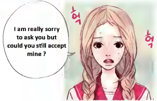




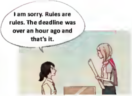
Am I too late ?!
헉
헉



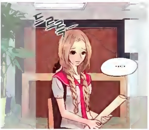
Yes, the deadline was an hour ago.

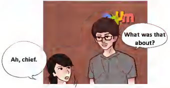


I am really sorry to ask you but could you still accept mine ?
헉
헉

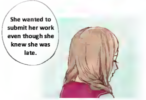


I am sorry. Rules are rules. The deadline was over an hour ago and that's it.

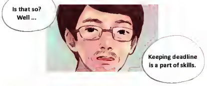




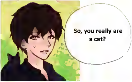
What was that about?
Ah, chief.



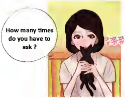
She wanted to submit her work even though she knew she was late.



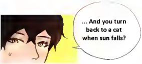
Is that so? Well ...
Keeping deadline is a part of skills.



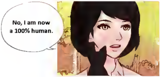
So, you really are a cat?



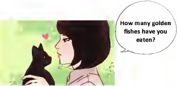
How many times do you have to ask ?
쮸쮸



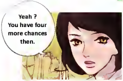
... And you turn back to a cat when sun falls?



No, I am now a 100% human.

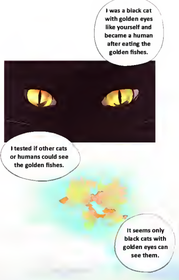


How many golden fishes have you eaten?

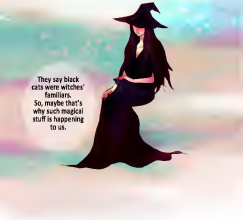


Yeah ?
You have four more chances then.

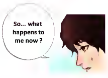
I don't know how it works exactly.



I was a black cat with golden eyes like yourself and became a human after eating the golden fishes.
I tested if other cats or humans could see the golden fishes.
It seems only black cats with golden eyes can see them.

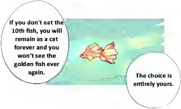


They say black cats were witches' familiars.
So, maybe that's why such magical stuff is happening to us.

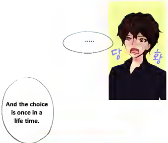


So... what happens to me now ?

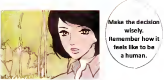
When you eat the 10th golden fish, you will become a human permanently.



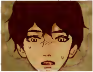
If you don't eat the 10th fish, you will remain as a cat forever and you won't see the golden fish ever again.
The choice is entirely yours.

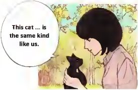


......
당황
And the choice is once in a life time.

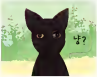


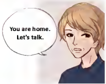
Make the decision wisely. Remember how it feels like to be a human.



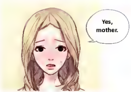


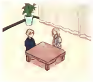
This cat ... is the same kind like us.

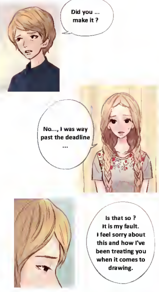




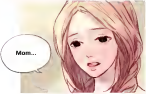
You are home.
Let's talk.

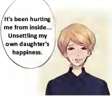




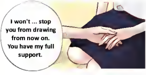


Did you ... make it ?
No..., I was way past the deadline ...
Is that so ? It is my fault. I feel sorry about this and how I've been treating you when it comes to drawing.

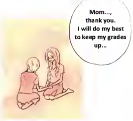




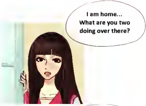
It's been hurting me from inside... Unsettling my own daughter's happiness.



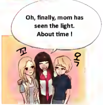
I won't ... stop you from drawing from now on. You have my full support.



Mom..., thank you. I will do my best to keep my grades up...



I am home... What are you two doing over there?



Oh, finally, mom has seen the light. About time !

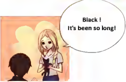
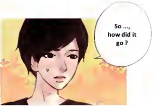
Cha Ga-Un
Come to the park.

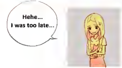


Black !
It's been so long!

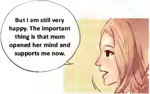
We met
yesterday
actually.



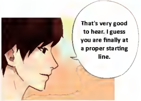
So ...,
how did it
go ?



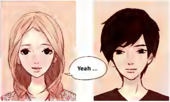
Hehe...
I was too late...

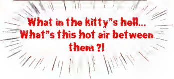


But I am still very happy. The important thing is that mom opened her mind and supports me now.

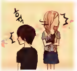


That's very good to hear. I guess you are finally at a proper starting line.



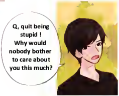


What in the kitty"s hell...
What"s this hot air between them ?!

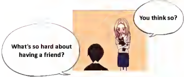


About... what you said some time ago ... You agreed to

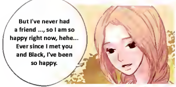
become my friend,
didn't you?



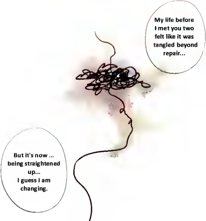
Q, quit being
stupid !
Why would
nobody bother
to care about
you this much?



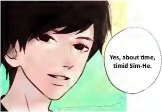
You think so?
What's so hard about
having a friend?



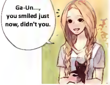
But I've never had a friend ..., so I am so happy right now, hehe... Ever since I met you and Black, I've been so happy.



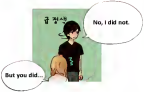
My life before I met you two felt like it was tangled beyond repair...
But it's now ... being straightened up... I guess I am changing.



Yes, about time, timid Sim-He.



Ga-Un..., you smiled just now, didn't you.



급 정색
No, I did not.
But you did...

I did not !
